

within reach global

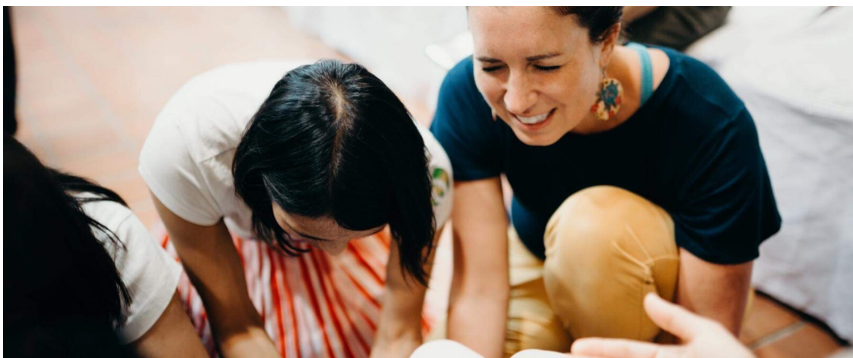

Within Reach Global is a non-profit Christian organization that is passionate about honoring God by reaching unreached people groups in Southeast Asia with the love of Jesus.

China

Our brave Chinese missionaries are continuing to face daily persecution but they faithfully share the gospel with the unreached. We saw many salvations, healings, and unreached people groups reached with the love of Jesus Christ! We also distributed a contextualized gospel coloring book to the children in the mountainous regions of China.

Missionary Conference

Our local underground Chinese church planters came to Thailand for our annual missionary conference where they were encouraged, trained up, and sent out for another powerful year of trailblazing in China. We are praising the Lord for His protection over our team as they all return to China!

Team update

This year, we saw our team grow in numbers and we are so thankful to the Lord for bringing more workers to the unreached. We welcomed in new Chinese church planters, missionaries, admin personnel, Thai leaders, and new family members!

Welcome Home *Elliana Pariyakorn*

We are excited to officially welcome Elliana to the Joannes family—and into our Within Reach Global family! After two years of prayer and paperwork preparation, David and Lorna can finally hold her in their arms after a successful adoption. Welcome home, Elliana Joannes!

We had a very successful year of Student Ministry. We go to the local universities and meet up with many Chinese students and have the opportunity to introduce them to Jesus through relationship building and discipleship. We have connected with over 50 students in 2019 and many of them heard of Jesus for the first time, received their first Bibles, and were discipled in their faith.
